Preparing for Remote Learning at Parochial

At Parochial we have decided to use Microsoft Teams - a free application that can be used on any device - as our remote learning platform. Each child now has a Gateshead email address and password, which will have been sent out to you in a letter.

On Teams we can: set work, give feedback, share resources and 'chat' if children need support.

Getting Started - downloading Teams The easy way to do this is to go to your App store and download a free version from there. If you use a laptop or P.C....

Search Microsoft Teams and choose the indicated result.

Choose "Sign in"

You will have a letter with your child's school email address and password. The email address will begin with their first and surname then @gatedu.net

You can choose to download the Windows app or use the web app - either should work without any difficulty.

This page may appear, if it does, choose Gateshead Council (Guest)

At this point you may need to go through some window pop-ups like this, just keep choosing 'Next' until you get to the page 'Let's Go' at which point you are nearly there!

And you're on!! It will be much easier next time. Click where the star is and your child's teacher will have started a chat for you to add to so that we know you're on. Just give us a 'hello' and we'll be happy.
