Absent: No-one

Charter

We created some guidelines for our school council meetings:

1. We were democratically elected, and all of our decisions and discussions will be democratic.
2. We will bring ideas only if they have been discussed and voted for by our class.
3. We will remind our classmates of different ways to give opinions, including our school council ideas box, and we will check the box regularly.
4. We will remember that everyone needs to be heard, everyone should have a voice.

Preparation for the next meeting

We discussed the way we would gather our class together to talk about any ideas. We discussed the idea of a 'surgery' where the school councillors would be available beforehand to take any ideas from anyone who was too shy to speak out in front of the group. These ideas will still need to be voted on, but they will be presented by the councillor.
