

Whickham Parochial Church of England Primary School

Inclusion Policy

'Let your light shine before people, that they may see the good things you do and praise your Father in Heaven.'

Matthew 5:16

Mission Statement

At our Parochial school we aim to provide a stimulating and caring environment with Christianity at the heart of all we do, in which every child has the opportunity to let their light shine - for themselves, for their community and for the world.

Aims

At Whickham Parochial we believe that every child is entitled to enjoy their childhood, celebrate their individuality and reach their full potential. We aim to do this through:

- Creating a caring school family living by Christian values.
- Celebrating everyone's strengths and efforts.
- Valuing the opportunities we have to contribute to our community and the wider world.
- Offering wide ranging, quality experiences that stimulate children's minds.
- Encouraging respect for others, positive behaviour and good manners, enabling all children to feel secure and valued.
- Building strong links between school, home and church.
- Preparing children for future challenges in a changing world.

We wish every child to take with them happy memories of Whickham Parochial into their future life.

Inclusion Policy

1 Introduction

1.1 The mission statement of our school expresses our desire for every child to flourish. We are committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children matter. This policy helps to ensure that this school promotes the individuality of all our children, irrespective of ethnicity, attainment, age, disability, gender or background. This policy should be read in conjunction with: SEND policy, Equalities Policy and Accessibility Plan

2 Aims and objectives

2.1 Parochial is a fully inclusive school. We actively seek to remove the barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils. This means that equality of opportunity must be a reality for our children. We make this a reality through the attention that we pay to the different groups of children within our school:

- girls and boys;
- disadvantaged pupils (Free School Meals and Ever6)
- minority ethnic and faith groups;
- children who need support to learn English as an additional language;
- children with special educational needs;
- children with disabilities or medical needs
- children who are at risk of disaffection or exclusion;
- travellers;
- asylum seekers.

2.2 The National Curriculum is our starting point for planning a curriculum that meets the specific needs of individuals and groups of children. We meet these needs through:

- setting suitable learning challenges;
- responding to children's diverse learning needs;
- overcoming potential barriers to learning and assessment for individuals and groups of pupils, recognising these groups may be fluid and responding with flexibility;
- providing other curricular opportunities outside the National Curriculum to meet the needs of individuals or groups of children (such as speech and language therapy)

2.3 We achieve educational inclusion by continually reviewing what we do, through asking ourselves these key questions:

- do all our children achieve their best?
- are there differences in the achievement of different groups of children?
- what are we doing for those children who we know are not achieving their best?
- are our actions effective?
- are we successful in promoting racial harmony and preparing pupils to live in a diverse society?

The data we gather termly allows us to review our children's progress.

3 Teaching and learning style

3.1 We aim to give all our children the opportunity to succeed and reach the highest level of personal achievement.. We analyse the attainment of different groups of pupils termly to ensure that all pupils are

achieving as much as they can. We also make ongoing assessments of each child's progress. SLT and teachers use this information when planning their lessons and for interventions. It enables them to take into account the abilities of all their children. The SENDCo plans evidence-based interventions for pupils who need support to 'close the gap' achieve their full potential.

3.2 When the attainment of a child falls significantly below the expected level, teachers enable the child to succeed by planning work that is in line with that child's individual needs. Individual education plans (IEPs) are implemented and targets set at a suitable level. Where the attainment of a child significantly exceeds the expected level of attainment, teachers use materials from a later key stage, or extend the breadth of work within the area or areas for which the child shows particular aptitude.

3.3 Parochial teachers provide quality first wave teaching to ensure all pupils make progress. We employ extra staff members who support disadvantaged pupils, gifted and talented pupils, and SEND and disabled pupils.

3.4 Teachers are familiar with the equal opportunities legislation covering race, gender and disability.

3.5 Teachers ensure that all children:

- feel secure and know that their contributions are valued;
- appreciate and value the differences they see in others;
- take responsibility for their own actions;
- use materials that reflect a range of social and cultural backgrounds, without stereotyping;
- have a common curriculum experience that allows for a range of different learning styles;
- are appropriately challenged to enable them to succeed;
- participate fully, regardless of disabilities or medical needs.

4. Children with disabilities

4.1 We are committed to meeting the needs of children who have disabilities or medical needs, as we are to meeting the needs of all groups of children within our school. The school fully meets the requirements of the amended Disability Discrimination Acts that came into effect in 2010. All reasonable steps are taken to ensure that these children are not placed at a substantial disadvantage compared with non-disabled children.

4.2 The school is committed to providing an environment that allows disabled children full access to all areas of learning. Our external entrances are wide enough for wheelchair access, and the designated points of entry for our school also allow wheelchair access.

4.3 Teachers modify teaching and learning expectations as appropriate for children with disabilities. For example, they may give additional time to complete certain activities, or they may modify teaching materials. In their planning, teachers ensure that they give children with disabilities the opportunity to develop skills in practical aspects of the curriculum. We ensure disabled pupils are involved in school trips and write comprehensive individual risk assessments to support their safe inclusion.

4.4 Teachers ensure that the work undertaken by disabled children:

- takes account of their pace of learning and the equipment they use;
- takes account of the effort and concentration needed in oral work, or when using, for example, vision aids;
- is adapted or offers alternative activities in those subjects in which children are unable to manipulate tools or equipment, or use certain types of materials;
- allows opportunities for them to take part in educational visits and other activities linked to their studies;
- includes approaches that allow hearing-impaired children to learn about sound in science and music, and visually impaired children both to learn about light in science, and also to use visual resources and images both in art and design and in design and technology;

- uses assessment techniques that reflect their individual needs and abilities.

5 Disapplication and modification

5.1 The school can, where necessary, modify or disapply the National Curriculum and its assessment arrangements. Our school policy is to do this only in exceptional circumstances. The school makes every effort to meet the learning needs of all its children, without recourse to disapplication or modification. We achieve this through greater differentiation of the child's work, or through the provision of additional learning resources. When necessary, we also support learning through appropriate external specialists. In such cases, teachers work closely with these specialists to support the child.

5.2 In exceptional circumstances, we may decide that modification or disapplication is the correct procedure to follow. We would only do this after detailed consultation with parents/carers and the LA. The school's governor with responsibility for special educational needs would also be closely involved in this process. We would ensure that every effort had been made to provide the necessary support from within the school's resources before considering such action.

5.3 Should we go ahead with modification or disapplication, we would do so through:

- section 364 of the Education Act 1996. This allows modification or disapplication of the National Curriculum, or elements of it, through a statement of special educational needs;
- section 365 of the Education Act 1996. This allows the temporary modification or disapplication of the National Curriculum, or elements of it.
- use of the NAA guidelines, updated annually.

6 Inclusion and Diversity

6.1 The school has recognised that the diversity of our nation is not represented by our school cohort and that this could lead to a lack of understanding about the lives of those from non White-British background or who have a non-traditional families or relationships and identify as other than 'cis' gender. The lack of diversity in our community is addressed through our curriculum and through the resources we use. Teachers are flexible in their planning and offer appropriate challenges to all pupils, regardless of ethnic or social background. All racist or homophobic incidents are recorded and reported to the governing body by the headteacher. The school contacts parents or carers of those pupils involved in racist incidents.

7 Summary

7.1 In our school, we value each child as a unique individual. We will strive to meet the needs of all our children, and ensure that we meet all statutory requirements related to matters of inclusion.
